

NOT PETES YEAR

Race for Sheriff with Two Years of His Fifth Term as Coroner Unserved, Shocks Voters

Harding and Adam Wolf Both Ran Far Ahead of Pete at the Last Presidential Election

Pete Hoffman never ran for office in an "off" year before.

He has always chosen the year when the President was elected to run because Cook County generally goes heavily Republican in presidential years.

But he is so used to running that he could not wait for his fifth term of office as Coroner to expire in 1924.

His race for Sheriff this year with two years of his fifth term as Coroner unexpired shocks voters.

Besides a chronic office seeker like Pete is a load to a ticket, especially in an off year.

Hoffman is not as popular as he thinks he is.

The election returns prove this fact.

Two years ago when he ran for Coroner for the fifth time he made a pitiful showing.

He did not keep up with his ticket and was some load to carry.

Adam Wolf, for instance, running on the same ticket for County Assessor, ran 27,000 votes ahead of Hoffman.

President Harding ran far ahead of him of course, although Harding had to carry the load.

Here are the official figures:

Adam Wolf for County Assessor 650,572

Warren G. Harding for President 635,374

Peter M. Hoffman for Coroner 633,846

DEMANDS TREATY DATA IN SENATE

Hitchcock Wants All Drafts of Four-Power Pacific Pact.

ASKS TO BE FULLY INFORMED

Says It Is Matter of Common Knowledge That There Were Open and Notorious Disagreements as to Its Meaning.

Washington, Feb. 16.—President Harding is called on to furnish the senate with all drafts or forms of the four-power Pacific treaty considered at the arms conference, if not in compliance with the public interest, in a resolution introduced by Senator Hitchcock of Nebraska, ranking Democrat on the foreign relations committee.

Senator Hitchcock said it was a matter of common knowledge that there had been "open and notorious disagreement between the President and the secretary of state as to the meaning of the treaty" and he believed the senate should be fully informed regarding all the conditions and circumstances surrounding it before being called upon to ratify it.

Cites League Precedent.

The senator said the information thus far supplied the senate with reference to the decision of the conference "concerned almost exclusively the naval agreement and the Chinese question" and it "ought to be fully informed regarding the most debatable of all of the treaties."

"There is plenty of precedent for requesting the President for information with respect to the four power Pacific treaty which I consider most desirable," he said, "I need not refer to the League of Nations."

Senator Moses, Republican of New Hampshire, one of the senate "irreconcilables," suggested the resolution be referred to the foreign relations committee.

"I will then" with the senator

in asking for proper information respecting the four power treaty," said Senator Moses, who is also a member of the committee.

Waits Lodge's Return.

Senator Hitchcock objected to the resolution being sent to the committee and asked for its immediate consideration.

Senator Curtis of Kansas, Republican "whip," proposed that, in view of the absence of Senator Lodge of Massachusetts, committee chairman, the resolution be permitted to lie upon the table until his return. This was agreed to.

The Hitchcock resolution also provided that the President be asked to furnish the senate with "all copies of all proceedings, records, negotiations, arguments, debates, discussions and conversations which occurred between the delegates of the United States, the British empire, Japan or France or any of them, covering the subject of the four power treaty or the supplementary note which accompanied it or the supplementary agreement relating to it, and subsequently signed."

James M. Bailey made a good record as president of the Sanitary District and it elected he will make a good record as Sheriff.

The Democrats will renominate County Treasurer Carr by a large majority.

William H. Fish has filed for the republican nomination for County Judge. He is the only opponent thus far of County Judge Righeimer.

Girard Kolassa has filed for the democratic nomination for congress in the 8th district and John F. O'Hara for the lower branch of the legislature in the 9th district.

It is reported that Dr. William H. Read, one of Mayor Thompson's lieutenants, will run for sheriff against H. C. W. Laubheimer and Peter M. Hoffman.

At a meeting of the First Ward National Republican club at 25th and Wabash avenue, Col. Franklin A. Denison introduced Harris B. Gaines, who was endorsed as a candidate for representative from the first senatorial district. Mr. Gaines is a colored attorney well known on the south side. Last week he was endorsed by the 2d ward republican clubs. Both clubs represent the Brundage and Deneen followers, according to P. W. Upshaw, president of the 1st ward organization.

Organization of the force of seventy-four motorcycle policemen to patrol the highways of Cook County has been completed by Chief Deputy Sheriff Laubheimer.

Justus Chancellor, who has been re-elected president, and Judge Daniel P. Trude and Attorneys Harry Brown, Gustav E. Beerley, James K. Poage, Arthur Donoghue, William Reede, Thomas C. McElligott, A. A. Worsley, Daniel J. McMahon, John J. Poulton and Meyer W. Rosen were installed as directors for the year 1922 in the Lawyers' Association of Illinois. They were elected Saturday.

City Treasurer Clayton F. Smith was honored by the World's Bowling Tournament held at the Coliseum. Tuesday night was Clayton F. Smith night and the association officials arranged an unusual program for their treasurer who did so much to help put the show on.

Democratic "Antis," headed by City Clerk James T. Igoe as chairman, and Henry Stuckart treasurer have opened headquarters in the Reaper Block.

They have endorsed John E. Traeger for Sheriff; James M. Slattery for Board of Review; Peter Barten and Alderman William R. O'Toole for Sanitary District Trustees; Alderman

John S. Clark for Clerk of the Probate Court and Daniel Ryan for President of the County Board. A full Municipal Court ticket also will be placed in the field, but as there is no filing until March they will hold back these candidates for a few days.

The following primary petitions

Something doing in the mayor's camp. A number of City Hall Republicans left on Wednesday for West Baden, Ind., to take up political plans. The delegation will include Mayor Thompson, City Comptroller Harding, former Health Commissioner John Dill Robertson, Commissioner of Public Service William H. Reid, Corporation Counsel Samuel A. Ettelson, Fred Lundie, the mayor's political adviser, and fifteen others.

Chicago demands stationary bridges over the river. Delays caused by open bridges are unbearable.

EAGLETS.

The Harrison democratic organization of Cook county—as a party of democrats with headquarters in the Briggs House term their organization which was at first charged with being sponsored by the Thompson-Lundin machine to prevent a coalition of republicans and democrats in the approaching county campaign—is now out for Carter H. Harrison for mayor. Harrison petitions are being circulated, although it is not known that he has given assent to the proposal.

When the Briggs house headquarters were first opened all of the talk was for Henry Stuckart for mayor. Mr. Stuckart promptly disclaimed any connection with the organization. It is understood that City Clerk James T. Igoe and others were tendered the support of what has now become known as the Harrison democracy and spurned all propositions.

HAPPY MOTORS

Big Home for Automobiles To Be Built This Spring on Lake Street Between Wabash and Michigan

Will Accommodate Thousands of Cars and Will Have Twenty Five Stories to Park Them Away In

The elevator will shoot up say to the twenty-fifth floor.

"When it stops the gates fly open, as in any automatic elevator, and then the floor tilts and the car slides forward into its allotted space. The elevator has a door at each side so it can discharge cars in two directions. The booths to hold the cars also can be moved sideways so that each elevator can unload six cars to a floor, three out of one door and three through the other.

"At night when the owner comes for his car the young woman at the switchboard presses a button, the elevator whizzes up to the twenty-fifth floor, the door opens, and then compressed air will tilt the floor of the booth and the car will slide down the runway into the elevator; at the first floor the car will slide out of the rear door of the elevator, and when the owner steps forward he'll find his car still facing north and will drive out rear entrance 170 Haddock place and around into Wabash.

"His car will never come in contact with another car. It will always be going in the same general direction and yet we'll use no gas of his to move it. This means there will be no fumes of gas in the building, and of course the dangers of slipping on oily ramp floors will be done away with. It would take considerable gas and much time to climb to the twenty-fifth floor by winding upwards along a ramp. Our plan is fast, clean, safe and simple."

The judges and deputy judges have at their disposal two panels of technical assessors to advise them on points arising in labor and transit questions. There are no Americans on either panel. The labor panel comprises two assessors nominated by each member of the League of Nations and one employee and one workers' representative from each member country, chosen by the league's labor office. The transit and communication panel is composed of two nominees of each member state.

A recapitulation of the lists of nominees shows that on the transit and communication panel there are two representatives each of Latvia, Lithuania, Bulgaria, Czechoslovakia, China, Italy, Great Britain, Uruguay, France, Belgium, Sweden, Japan, Spain, Switzerland, Brazil, Rumania, Greece, Austria, Norway, Finland and Poland, and one each of Haiti and Holland.

The labor panel includes one or more representatives from each of these states excepting France and Greece, and with addition of appointees from Colombia and those delegated by the labor office from various countries.

Attorney Jacob Legion Tenny on Tuesday filed his petition as a Democratic candidate for the nomination for county treasurer for the "vacancy." Mr. Tenny holds that the County Board could not lawfully fill the Gibbons vacancy for a longer term than between the death of Mr. Gibbons and the next general election in June. He holds that a candidate elected at the June election would serve from that date until December.

It is thought likely a suit will develop before this matter is straightened out.

Directors of William Wrigley Jr. Company declared a stock dividend equal to 1 share for every ten shares held by stock holders of record on March 25 next. The dividend is payable on the first day of March, April, May, June and July.

The company ended a very prosperous year on December 31 last according to the annual report issued today and read at the annual meeting. Profits before dividends for the year amounted to \$4,910,677. From this was deducted dividends of \$3,024,056, leaving a balance of \$1,886,621. Earnings for 1921 show an increase of \$731,893 over 1920, before the payment of the Federal taxes.

The balance sheet shows total assets of \$29,803,827, including "good will" which is valued at \$6,000,000. Current assets on December 31 were \$12,384,347, including cash on hand of \$3,447,703. Current liabilities were only \$2,603,628.

Members of the court represent 12 nationalities, and the eastern and western worlds. The judges, in accordance with the law creating the court, possess "the qualifications required in their respective countries for appointment to the highest judicial offices," or are "jurisconsults of recognized competence in international law."

The representative of the United States is John Basset Moore, and the others present in The Hague for the meeting are: The president, or chief justice, Bernard Cornelius Johannes

Corner Stone Body of the League of Nations Assembles.

MEETS IN THE PEACE PALACE

The Hague Scene of a Notable Gathering—Hailed As New Milestone in Evolutionary Progress by Pacifist Adherents.

The Hague, Feb. 16.—The peace palace—which cynics during the war labeled "closed, owing to bankruptcy"—was the scene of the inaugural session of the permanent court of international justice, the corner stone of the League of Nations. The event was hailed by adherents of pacifist ideals as a new milestone in the evolutionary progress of this world toward peace—or, in the words of Lord Curzon, "the beginning of a new era of peace and concord among nations."

At the opening session the judges were to take the oath to fulfill their offices "honorably, faithfully, impartially and conscientiously." In their future sittings they are expected not only to clear up such doubtful points of international law as may come before them, but also to create laws whenever their need is apparent like the praetors of ancient Rome.

Meet in Hall of Justice.

The first meeting was held in the great hall of justice, a chapel-like chamber, the carved oak walls of which have not yet assumed the dark tints of age, but the appointments of which combine to give the appropriate atmosphere of judicial solemnity.

Members of the court represent 12 nationalities, and the eastern and western worlds. The judges, in accordance with the law creating the court, possess "the qualifications required in their respective countries for appointment to the highest judicial offices," or are "jurisconsults of recognized competence in international law."

Some of the men in it are John C. Fetzner, real estate; T. S. Roberts, investments; Eugene E. Mulhern, mortgage banker; Joachim G. Glaver, structural engineer, and H. D. Moreland. A similar motor hotel will be built in Cleveland and another in New York. All of these hotels will have regulation hotel lobbies with all their conveniences.

The work of building it will commence before May 1.

One of the engineers who has been working on the loop congestion problem is quoted as saying about this motor hotel:

"It sounds impossible, but it's so simple that it's a wonder it wasn't thought of before. We'll have seven high speed automatic elevators. When a man hops out of his car it will slide down grade into the elevator. The girl at the switchboard will be told what floor and what section it is scheduled for. She'll touch a button.

A petition was filed for Timothy S. O'Donnell, for a republican nomination for county commissioner. Mr. O'Donnell, who lives at 4935 West Monroe street, says the petition was prepared by over-zealous friends and he expects to withdraw his name within a day or two.

County Treasurer Carr addressed the Chicago Real Estate Board in the De Jonghe gold room. He told the realtors that his office was installing a system for facilitating business real estate men have with the county treasurer. He urged them to appoint a committee to confer with legislators and draw up a bill to make possible the settlement of real estate tax affairs earlier in the year than is now possible.

City Clerk Igoe sometime ago presented to the City Council resolutions adopted by the Illinois Manufacturers' Association, which set forth that fixed bridges are a serious interference with navigation of waterways. Piers and bridge projections were included.

The association, Mr. Igoe was informed, has gone on record as opposed to fixed bridges, and urged that the city in the future build only bascule or lift structures to span the river.

The resolution also urged that a 200-foot wide channel be maintained wherever practicable.
